Subject: Regarding issue of teacher's Login and their incomplete profiles.

Respected Sir,

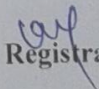

This is to bring your notice that all respected Principals and teacher of colleges were informed by my previous communication Ref. No. R/910/2015 Dated: 23.08.2015 that issue and creation of teacher's login and uploading their profile were made essential and mandatory from this year 2015-16. The procedure for issuing teacher's login and creating teacher's profile were also explained at length. Soon after this notification necessary provisions were made in College logins and University website.

The university is in the preparation of conducting Examination 2016. The preparation of panel of paper setters and examiners by Board of Studies and other Statutory Bodies, appointment of examiners are being performed online wherein online records and details of every teacher with complete profile, duly verified by the college Principal, is mandatory. The evaluation of answer booklets and appointment of teachers for evaluation be online and profile based. It is in this reference the teacher's complete profile has been made compulsory on the university website from this year.

The process of registration of teachers were to be completed by the college and teachers jointly. As of now only few hundred teachers have registered and have obtained login, password and of these only few have uploaded and maintained their profiles. The instructions are being repeated again and are attached to this letter for your perusal.

The last date for uploading complete teacher's profile is 05.12.2015, pending which the onus of incompleteness will be on the teachers and teacher without proper ID and profile will not be included in the panel and if so they themselves be responsible for this.

Regards

Registrar
